Assessment Preparation: Analogies
Chapters 10-12

Analogies are a shortened way of stating relationships between words and ideas. A common type of analogy expresses the relationship between synonyms. Below is an example:

skim is to scan as bargain is to negotiate

An analogy may also involve antonyms. For example:

simple is to complex as black is to white

Directions: Complete the word pair that best matches each of the word relationships. For numbers 1-10, use your vocabulary word list.
